Chiller Trailers

Perfect for Events and Breakdown Cover

Our fridge vans, freezer vans and fridge/freezer trailers are suitable for chilled and deep frozen use for temperatures from -21°C to +5°C, dual compartments and electric standby are available. Suitable for multi-drop delivery service, chilled / frozen couriers, outside catering for events, concerts, parties and weddings, wherever extra static fridge / freezer space is required.

Safety

For Industry, events and breakdown cover

Keep up with the food hygiene regulations. Deliver and store your food and products at the correct temperature. Keep prepared foods chilled and stored safely at events. We can provide training for the correct use of chiller and freezer vehicles

Events

Event Solutions

All of our units run on 240v mains or generator power for near silent operation. Great for events or parties. Keep drinks and food beautifully chilled and fresh.

Keep ice for sporting events or champagne for weddings where you want it.

Breakdown & Maintenance

Be Prepared...

Keep your customers happy and your fleet working - plan for maintenance cover with confidence. We can also manage your fleet for you so you become more efficient and compliant at the same time.
