

Features:

- Closed environments such as shops, houses, offices, cellars, warehouses, agricultural, construction and garages
- 3-Phase electrical input required
- Built-in room thermostat control
- Low noise

Specifications:

- Max Output 7.5 -15 KW
- Max Output 25 600 – 51 200 BTU/h
- 1700m³/h Air Displacement
- 3 x 22 Amps
- Temperature Range 5 -35°C
